The Kline Family Update

June 2015

Our church has been busy increasing our evangelistic effort, as the weather has improved bringing our residents out of their winter hold ups. In April we resumed our Tuesday evening distribution of John and Romans booklets. Outside of our city lies a lot of rural communities that are somewhat difficult to access and therefore, go unreached with the gospel. Our only competition in the most remote areas are the J.W.'s. It has taken years to cover a lot of these areas.

The week of Mother's Day we advertised a free oil change for single mothers. After taking appointments for 2 weeks we changed oil for four single moms. While the men were changing their oil, our ladies offered them some refreshments and had a friendly conversation with each mom. Most helped themselves to the gospel tracts we had on the table and I know that one of the moms took a copy of Paul Chappell's book "Paid in Full" which gives a real clear presentation of the gospel.

Although unrelated to the oil change offer, we have had a new single mom attending the church recently. Betsy and I visited her in her home a couple of weeks ago and she gave a good confession faith in Christ as her Saviour. Betsy offered to begin discipleship Bible studies with her and she accepted with excitement.

From May 24th to the 28th we had our annual Spring Revival Meetings. For a number of years now we have had my good friend, Evangelist Bill Smith preach the revival. On Tuesday evening we had the added bonus of a Men's Quartet from Golden State Baptist College join us. They were a great blessing to the service. We had over 60 in attendance that night. The preaching was excellent and God bought us to some needed decisions.

As always, we thank the Lord for your prayers and support. We count it a privilege to serve as part of your missions family.

In Christ,
Tom Kline and Family
