Pastor and brothers-in-Christ, as always for me it is a joy to present to you all the prayer letter of March 2024, being able to tell you about what has been going on recently. However, before that I hope that your ministries and your families are working in a very great way, as God knows what each one of us is doing for Him.

This month we have had many activities in the church, like the celebration of Father's Day in Honduras that was a great blessing for us to see the children bringing their dads to church. Through this they could hear the message of the Word that is the most important.

Another thing that impressed me a lot was the following anecdote. Maybe you remember Gerard, one of my students from my young teen boys' class and was baptized. What most has impacted me lately is that on Fridays he has decided that he wants to help me with the Children's Church class. That brings so much happiness to my soul because this youth is wanting to serve the Lord, has the desire to serve and be involved.

Also, one of my students in school named Alessandro came to me one morning. I was thinking that he wanted something related to the school, but it wasn't about school. He told me that he remembered one day that I said if anyone wanted to accept Jesus as their Savior that they could speak to me. And he wanted me to teach him how to go to Heaven one day. I showed him and made the decisión to accept the eternal life that God gives. Glory to the Father!

I am very happy how God is working. I know that many times when God is working, Satan is not happy. However, I know that we serve a God that gives us strength to keep moving forward. Just like Joshua 1:9 says.

The Pastor, other hermanos, and myself continue working in the church and school, always seeking to please God and allowing Him to guide us, as there is a lot of work to do.

Brothers, I give thanks for you all specifically in my prayers. Sometimes we can't see all the people that pray for missions and for missionaries, but I can see the effect of those prayers in my life. Again, thank you, although some of you I have not met. I know you are doing something impressive; God bless you.
