

July/Aug 2025

Tiffany Bacon

Dear Brothers and Sisters in Christ,

This summer was a busy one, but school has started! During the month of July, I was able to spend time with family and present at a few churches. I also discovered that I will need surgery this coming December as my parathyroid is causing high calcium levels. Please be in prayer for my health.

August 7th arrived and I flew back to Honduras with my family. We quickly started to prepare for the new school year. This year, I am teaching first grade, but have 21 students. 21 boys and girls to teach about Jesus. I praise the Lord as we have had two souls saved already! Dylan accepted Christ two weeks before I arrived and Alessandro accepted Christ this past Wednesday at church. Please pray for their spiritual growth and for more children to be saved.

Our school has doubled in size! This year we have 96 students enrolled and many new staff members. God has blessed us! We also gained a brand new playground, which brought tears to my eyes. We started school on August 18th and boy what a week it was. Every day, we taught procedures, routines, and began new lessons. This year is a different challenge for me as I have five brand new students (to HCA) that do not know any English. I have already felt like Moses- God has put the Spanish words into my mouth. Please pray for these children. They are doing something in life that many of us have never done. They need to understand the new language, but they also need Christ. Pray for my words to be clear as well.

As we continue to the end of the month, we will be working hard. Thank you for your support which has helped me start the Honduras residency process. Please pray this gets done quickly to prevent me from having to leave. Once I have a residency card, I will not have to leave every 60-90 days.

Thank you for your prayers. I am excited to see what God does this school year!

Your missionary, Tiffany Bacon.
