Dear Friends,

We recently became aware of opportunities to serve the Lord in Honduras. While at New Life Bilingual School, students have Bible classes and chapel services, where they hear the gospel and many are saved, or make other decisions for Christ. Our goal is to help the Hodges in whatever way we can. They need teachers, but teachers also host Bible clubs, have Children's Church and Sunday School, go door-yelling, run bus routes, sing in the choir and for specials, and have special days. Jesus said, "Suffer little children, and forbid them not, to come unto me: for of such is the kingdom of heaven."

The Hodges started New Life Baptist Church in Sabana Grande in 1998. In 2007 they started New Life Bilingual School. We found out that they would need more missionaries for the fall semester, so we contacted them about joining them, and they helped us to figure out how to make it happen, along with our pastor, Pastor Avery Barney. We applied to Heartland Baptist Missions, who have worked with the Hodges, and we align to their doctrines, and who we have ties with through Pensacola Christian College, where we are both graduates.

We're leaving for Candidate School on July 17th, less than a month away. We'll be in Pensacola from July 19th-August 4th or 5th and after that we will be going to Honduras. We're anticipating that flights should cost around \$4200-\$5400 round trip, and monthly expenses to be \$4585 based on how much other missionaries have found it to cost to live and minister in Honduras. Some of this will be offset by selling our vehicles and renting our house, but there is definitely an opportunity for Churches and individuals to lay up treasure in heaven.

Please pray for:

- Selling our vehicles and renting our house
- Healthy pregnancy, delivery, and baby
- Good health both as we prepare to leave and as we are ministering there
- The kids to adjust to going to school there
- Our spiritual warfare, especially in the areas of guidance and power
- The Hodges, New Life Baptist Church, New Life Bilingual School
- The salvation of souls both while we prepare and while in service there
- Encouragement of believers especially in the furtherance of the Kingdom of God
- Expansion of the ministry here in Abilene
